CITY OF MIAMI **Homeland Defense/Neighborhood Improvement Bond Oversight Board**

MEMO

To:

Johnny Martinez, P.E., City Manager

From: Jose Solares, Chairman

Date: December 27, 2011

RE:

Homeland Defense/Neighborhood Improvement Board Oversight Board (BOB)

Annual Report for the Year 2011 as per Sec. 20890 of the City Code

cc:

Board Members, City Commission, Alice N. Bravo, P.E. (Assistant City Manager), Priscilla

Thompson (City Clerk), Julie O. Bru (City Attorney), and Albert Sosa, P.E. (CIP Director)

Pursuant to City Code Section 20890 (Annual Report of City Boards and Committees), please accept this Memorandum as the Annual Report of the BOB for the year 2010 in the manner and format prescribed in the City Code as follows:

City Code Question No. 1: Whether the board is serving the purpose for which it was created?

BOB Response:

Miami's first ever BOB was created in 2001 by the City Commission to serve in an advisory capacity to the City Commission to oversee and monitor implementation of the proceeds of the \$255 Million in Bond Funds for Miami's Capital Improvement Program (CIP). The

BOB continues to diligently fulfill its purpose.

As of December 23, 2011, year to date, thirty-three (33) projects were presented to the board. Out of these thirty-three (33) projects, twenty-six (26) were approved, four (4) not approved, and three (3) were presented as "Informational" items to the board

because they were approved by the City Commission first.

City Code Question No.2:

Whether the board is serving current community need?

BOB Response:

Keeping in mind the fairest interests of the entire community and with an eye on Miami's shortfall for Capital Improvements Program, the BOB stays on-track by observing the prudent guidelines we established for all CIP's brought before the Board, such as: (1) whether the projects and their budgets are on the list specifically identified by the City Administration and set forth in informational

pamphlets and media release; (2) whether all available matching grants have been applied for and the funds secured; (3) whether the CIP and its budget been approved by the CIP Department and secured approval of all the City's Boards having an interest and by the BOB Audit Committee; (4) whether the CIP will purchase, implement and/or construct within the time frames established; (5) whether the actual cost of operation and maintenance has been established and whether a line item has been established in the City's Budget for the following year to reflect the cost of operation and maintenance of the new item and/or facility as shown as a line item on the Project Analysis Form (POF) and verified by the CIP Director.

City Code Question No.3:

List of the Board's major accomplishments:

BOB Response:

In addition to the needs addressed above, the major accomplishments of the BOB have been: (1) more projects going into the bid process instead of the previous utilized method, i.e. *JOC*, etc.; (2) we have reduced the cost by working together with CIP personnel during the Audit Committee Meeting, challenging contractor's estimated proposals, designers estimated proposals, etc.; (3) working together with CIP personnel, a new Project Analysis Form (PAF) was developed that now includes a method of tracking actual costs vs. budgeted projected costs (PAF Form attached); (4) board member participation has increased.

City Code Question No.4:

Whether there is any other board, either public or private which would better serve the functions of this board?

BOB Response:

To our knowledge, no other board, either public or private, has been created and educated to specifically address the CIP programs.

City Code Question No.5:

Whether the ordinance creating the board should be amended to better be able to serve the purpose for which it was created?

BOB Response:

Board needs to be continued until all bond financed projects are completed. On December 17, 2011, City Commission amended an Ordinance to extend the board for two (2) years until December 2013 and if needed an additional two (2) years.

City Code Question No.6: Whether the Board's membership requirements should be

modified.

BOB Response: In our opinion, no condition exists that would warrant any change

at this time.

City Code Question No.7: The cost, both direct and indirect, of maintaining the Board?

BOB Response: Membership on this Board is on a volunteer basis. Staff is provided

by the City and provides excellent service (past and present staff).
