

ADOPTED BUDGET IN BRIEF FISCAL YEAR 2023-24

Fellow Residents and Honorable Commissioners:

First, let me thank you-the residents of Miami-for creating the current conditions to present this Adopted Operating Budget and Multi-Year Capital Plan for the fiscal year 2023-24. All of you worked tirelessly, showed determination, creativity and an entrepreneurial spirit that has transformed Miami into a model for the world.

This budget cuts taxes, meets our challenges, leverages our progress, and builds for our future. It is a budget that we can all support, adopt, and use to build a better Miami for everyone.

For our residents, we are cutting your millage rate to the lowest rate in the history of Miami, and unlike the past, we are doing it while maintaining fiscal restraint, investing in our reserves, and preparing for the future.

We also continue to maintain our programs such as: the Anti-Poverty Initiatives, anti-litter, Miami for everyone, rent for elderly, elderly rent substitute, childcare program, kid saving account and youth summer jobs programs. Our commitment to keeping Miami safe remains vigorous as is our support for the trolley program.

For our business owners and investors, we know your time, energy, and capital are essential to our fiscal health and continued development. Under this budget, we plan to modernize and simplify our city services so we can deliver more and continue to meet the pressures of a tough and competitive economic environment.

For our new Miami residents, welcome to our magic city. Your arrival, investments, and continued immersion into our city is an endorsement of our policies and our commitment to building a Miami that lasts forever and works for everyone.

Our city remains a magic city because of our people, our tenacity, and our dreams. Our city was built by mavericks and migrants with courage and compassion. We are building on their legacy so that all of us-including our children and their children-can share in the magic city that is Miami.

Sincerely,

Francis X. Suarez

Mayor of Miami

FROM THE CITY MANAGER

Honorable Mayor, Members of the City Commission and Citizens of the City of Miami:

I am pleased to present the Fiscal Year 2023-24 Operating and Capital Budgets for the City of Miami. The adopted budget totals \$2.734 billion, including \$1.609 billion for operating and \$1.125 billion for capital. The General Fund budget totals \$1.043 billion.

This budget will lay the groundwork as we continue to focus on growing and diversifying our economy while creating equitable opportunities for every one of our residents across the City of Miami. We will accomplish that goal by reducing our millage rate to its lowest rate in over 59 years, by continuing to foster a strong economy that will allow our property tax revenues to increase, and by improving our economies of scale. This year alone, our property tax revenues were \$39.14 million higher than FY 2022-23 and our property tax roll grew 14.5 percent, compared to 12 percent the prior year, with 1.9 percent generated by new construction.

We not only strive to maintain the quality of life of our residents, visitors, and businesses, but also work hard to deliver improved services, and this budget reflects just that. As part of this budget, we will be maintaining the same level of service for waste collection services and will not be increasing the household waste collection fee, while simultaneously absorbing \$17 million of direct and indirect operating costs in the General Fund.

In continuing our efforts to sustain a strong long-term economic recovery, this budget advances infrastructure investments through funding provided by the American Rescue Plan Act (ARPA) and the Miami Forever Bond. Furthermore, Venture Miami, the City's tech ecosystem development office, will continue to leverage resources with all business and workforce development stakeholders that impact the City's economy. Standard and Poor's (S&P) Global Ratings Services recently raised its long-term and underlying ratings on the City of Miami's limited ad valorem bonds and non-ad valorem bonds to AA. This budget also continues to aid private and government initiatives, such as the popular Anti-Poverty Initiative program, Miami-Dade College Scholarship Program, the Childhood Savings Accounts program, and others, totaling \$3.56 million.

In developing this year's budget, we were able to maintain critical services while working to provide greater public safety for all neighborhoods as well as enhance programs and services with a greater focus on resiliency. For example, this

budget includes the transfer of \$16.53 million for multiple Capital Improvement Projects, including Citywide Storm Sewer Repairs, Street Milling and Resurfacing, and Vehicle Fleet Replacement for the Building Department.

The budget includes step salary increases for both collective bargaining agreements and non-bargaining employees who are eligible for a step increase, \$8.55 million in life and health insurance, and \$2.37 million in workers' compensation. Furthermore, the annual required contribution to the pension for Police and Fire is increasing by \$13.56 million.

I would like to close by thanking our Budget Director, Marie Gouin, and her staff for the hard work that they put into balancing a budget that is simultaneously fiscally responsible, deliberate, and transparent while serving all who visit, work, or reside in the City of Miami.

Sincerely,

Art Noriega, V
