ADDENDUM NO. 2

May 24, 2018

INVITATION TO BID NO. 17-18-022

DOWNTOWN MIAMI SIGNAGE AND WAYFINDING SYSTEM

TO: ALL PROSPECTIVE PROPOSERS:

The following changes, additions, clarifications, and/or deletions amend the above-captioned Invitation to Bid, and shall become an integral part of the Bids submitted, and the Contract to be executed for **Downtown Miami Signage and Wayfinding System – Invitation To Bid (“ITB”) No.: 17-18-022** (the “Project”). Please note the contents herein, and affix same to the documents you have on hand.

All attachments (if any) are available on the Office of Capital Improvements' ("OCI") website, and are part of this Addendum.

A. **The deadline for receipt of Bids for this Project has been changed to Wednesday, June 6, 2018 by 1:00 PM (local time).**

B. **Requests for information received and the corresponding responses:**

Q1. The time allow to complete the above is not attainable. There must be a time allowed to secure & fabricate the signs.

A1. **After a responsive and responsible contractor is selected, the City will discuss the potential impact to the project timeline because of the fabrication of the signs. The original 120-calendar day timeline for substantial completion may be extended, as applicable.**

Q2. There is no time allowed for potential conflicts with Utilities.

A2. **After a responsive and responsible contractor is selected, the City will discuss the potential impact to the project timeline because of conflicts with Utilities. The original 120-calendar day timeline for substantial completion may be extended, as applicable.**

Q3. The requirement that the Prime must be a State General Contractor , When they are not Generally involved in this type of work , But a firm like ours that is Pre-Qualified with the FDOT for this type of specific work and is Bonded would not be able to submit a bid.

A3. **Unfortunately, this requirement cannot be changed. The City’s Public Works Department has advised that the required permits must be pulled by a General**

Contractor, regardless of what their share of the actual work really is. In addition, FDOT has determined that a General Contractor license is required in addition to the FDOT pre-qualification. Therefore, sign manufacturers who are pre-qualified by FDOT must either have a State of Florida General Contractor license, or team up as a sub-contractor with a Prime Contractor licensed as a General Contractor in the State of Florida.

THIS ADDENDUM IS AN ESSENTIAL PORTION OF THE PROFESSIONAL SERVICES AGREEMENT AND SHALL BE MADE A PART THEREOF.

A handwritten signature in blue ink, appearing to read 'Annie Perez', is written above a horizontal line. To the right of the main signature, there are some smaller, less legible initials or a mark.

**Annie Perez, CPPO, Director
City of Miami Department of Procurement**
