Q5. Sheet HS-1 talks about patina coating - where is this placed?

A5. Sheet HS-1 should be disregarded. The use of patina coating was removed.

Q6. Sheet 30-33 shows a pedestrian walkway and legend calls for temporary asphalt. Can a section be provided?

A6. No.

Q7. Proposal form item #9 calls for 9" concrete plain, Sheet HS-7 shows three different colors, please clarify. Where is color #3 placed? What does single soldier course stand for? It is difficult to determine location of pedestrian concrete, and vehicle concrete, please clarify.

A7. The 9" plain concrete is intended for use in the areas hatched as "Concrete Hardscape Area" on pages 7-10. The colors shown on Sheet HS-7 are to be applied to these areas as specified on Sheets HS-3 to HS-6. The pay items are intended to divide the actual concrete from the coloring. Item 9 is for the concrete, and Item H-6 is for the areas to be colored. Similarly, Sheets 7-10 and Sheets HS-3 to HS-6 show the pedestrian areas and sidewalks that are 4", 6", and to be colored. Again, one pay item is for the sidewalk, and one is for coloring certain areas.
