ADDENDUM NO. 2

May 5, 2017

INVITATION TO BID NO.: 16-17-026

**SW 71ST AVENUE FROM SW 8TH STREET TO SW 4TH STREET ROADWAY
IMPROVEMENTS**

OFFICE OF CAPITAL IMPROVEMENTS PROJECT NO.: B-50405

TO: ALL PROSPECTIVE BIDDERS:

The following changes, additions, clarifications, and/or deletions amend the above-captioned Invitation to Bid (ITB) and shall become an integral part of the Bid submitted and the Contract to be executed for **SW 71st Avenue from SW 8th Street to SW 4th Street Roadway Improvements – ITB No.: 16-17-026** (the “Project”). Please note the contents herein and affix same to the documents you have on hand.

All attachments (if any) are available on the Office of Capital Improvements (OCI) website and are part of this Addendum.

- A.** The Miami-Dade County Water and Sewer Specifications, to include the Appendices, have been added to the OCI website, titled, “**MDJPA SPECS**” and “**MDJPA APPENDICES**”.
- B.** The **Bid Form** has been updated and loaded on the OCI website.
- C. Requests for Information – Since Issuance of ITB No.: 16-17-026:**
 - Q1.** What is the City Engineer’s estimate for this Project?
 - A1.** The estimated budget for this Project is \$692,630.23, including all soft and hard costs.
 - Q2.** There is no pay item for clearing and grubbing. Shall the cost for demolition of asphalt, concrete, green areas, etc., be carried under the pay item for the proposed structure to replace what is being demolished?
 - A2.** Cost for demolition of asphalt shall be included on the Bid Form in the Pay Item for milling existing asphalt. Cost of other removals such as concrete, sod, etc. shall be included in the related bid item for the Work being done.
 - Q3.** There is no pay item for lime rock base, and the asphalt quantity only covers the roadway resurfacing. Under what item shall the Contractor carry the cost for the asphalt flumes, driveways, and trench restoration?

- A3.** Asphalt quantities provided in the plans already include areas for asphalt flumes and driveways. Cost of excavation, fill and base necessary for the construction of asphalt flumes and driveways shall be included in the related bid item for the Work being done. Subgrade, base, and asphalt required for trench restoration shall be included in the cost of drainage related bid item, such as pipe, French drain, inlet, manhole, etc.
- Q4.** Please provide information on trench restoration requirements.
- A4.** Trench restoration shall be constructed in accordance with City of Miami Standard Details 35-88-7 and 35-88-8 found on the City of Miami Public Works website.
- Q5.** Under what pay item shall the Contractor include the cost for removal of drainage pipe and structures?
- A5.** Cost of the removal of drainage pipe and structures shall be included in the cost of the related bid item for the Work being done.
- Q6.** Is this a 100% Small Business Enterprise (SBE) Project?
- A6.** No. Please refer to ITB Document Section 2, Article 16, Community Small Business Enterprise (“CSBE”) Participation for Project details regarding CSBE requirements.
- Q7.** Which permits for the Project have already been pulled by the City? Which permits will the Contractor be responsible for?
- A7.** The following permits have been procured by the City: 1) Miami-Dade County Traffic Engineering Division (for signing and pavement markings), 2) City of Miami Fire Department, 3) Miami-Dade County Water and Sewer Department, 4) Department of Health, 5) City of Miami Public Works Department, and 6) Miami-Dade County Department of Environmental Resources Management (for drainage and water). All other applicable permits will be the responsibility of the Contractor. Please refer to ITB Documents Section 3, Article 92, Permits, Licenses and Impact Fees for additional information.
- Q8.** Will the Engineer of Record (EOR) review shop drawings before issuing the NTP or is the 14-day review time a part of the Contract time?
- A8.** The Contractor may submit shop drawings to the EOR as soon as the Contract is awarded. The 14-day review time still applies. Please refer to Section 3, Article 40, Submittals and Article 41, Shop Drawings for any other specific details regarding shop drawings or submittal instructions.
- Q9.** Will substantial completion be issued prior to the installation of thermoplastic markings or will the asphalt cure time (typically 30 days) be a part of the substantial completion time?
- A9.** Substantial completion will be issued once the EOR and the owner’s representative agree that the roadway is ready for public use, regardless of the installation of thermoplastic markings.
- Q10.** Is this a unit price or lump sum Project?
- A10.** Please refer to ITB Document Section 2, Article 14, Bid Award for details concerning the method of award as well as the Bid Form located on the OCI website.

THIS ADDENDUM IS AN ESSENTIAL PORTION OF THE CONTRACT DOCUMENT AND SHALL BE MADE A PART THEREOF.

for 

Annie Perez, CPPO, Director
City of Miami Department of Procurement
