

DEPARTMENT OF PUBLIC WORKS

BULLETIN NO. 42

Subject: PROFILE GRADE LINE

Issue Date: 9/21/06

Prepared by: Leonard J. Helmers, Jr., Professional Engineer IV

APPROVED: Stephanie N. Grindell
Stephanie N. Grindell, P.E.
Director

The profile grade line for the construction of sidewalks, curbs and gutters shall be established as follows:

EXISTING STREET NOT SCHEDULED FOR COMPLETE RECONSTRUCTION

The top of curb (profile grade) shall be based on the existing crown of pavement (centerline) elevation of the roadway as shown on City of Miami Engineering Standards for Design and Construction, Misc. 35-85-27 through Misc. 35-85-32B.

EXISTING STREET SCHEDULED FOR COMPLETE RECONSTRUCTION

In cases where new full-width street reconstruction is required or for un-paved roadways, the City's established "record" profile grade sheets shall be used to determine the top of curb elevation in accordance with the City's Engineering Standards for Design and Construction.
