

REVENUE MANUAL

Fiscal Year 2024-2025

Introduction

The City of Miami's Revenue Manual was developed to provide individuals with a comprehensive and detailed reference to revenue resources in the City. The City's accounting and budget policies conform to Generally Accepted Accounting Principles (GAAP) and financial statements are prepared in accordance with the standards set by the Governmental Accounting Standards Board (GASB) applicable to local governments for accounting and financial reporting. The accounts of the City are organized and operated on the basis of funds. Each fund is an independent fiscal entity and segregates revenues in accordance with their intended purpose.

Revenues are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the fiscal period (September 30th). Revenues resulting from expenditure-driven transactions, such as certain grants, are considered collectible at the time the expenditure was made.

Revenues and other resources are organized in specific categories based on the sources from which they are derived. Below is a summary of the nine sources of revenues (inflows) for the City of Miami.

Property Taxes – This category consists primarily of real and personal property taxes. Property taxes are levied on January 1st and are payable on November 1st, with discounts of one percent to four percent allowed if paid prior to March 1st of the following calendar year. All unpaid taxes on real and personal property become delinquent on April 1st and bear interest at 18% per year until a tax sale certificate is sold at auction. Miami-Dade County bills and collects all property taxes and tax certificates for delinquent taxes for the City.

Franchise Fees and Other Taxes – The collection of fees from various franchise licenses awarded to businesses or individuals granting permission to construct, maintain, and/or operate within the City of Miami. This category includes fees such as Gas Franchise Fees, Electrical Franchise Fees, Utility Service Fees, Public Service Taxes (PST), and the Local Option Gas Tax.

Interest – Primarily consists of interest earned on pooled cash funds invested prudently in U.S. Treasuries and obligations of agencies of the United States, provided such investments are guaranteed by the United States or by the issuing agency; general obligations of states, municipalities, school districts, or other political subdivisions, revenue and excise tax bonds of the various municipalities of the State of Florida, negotiable certificates of deposit, bankers' acceptance drafts, money market investments, the State Board of Administration Investment Pool and prime commercial paper. This category also includes the gains or losses on such investments.

Transfers-In – The inflow or transfer of funds used to (a) move revenues from the fund that statute or budget requires collecting the revenue to the fund, which statute or budget requires expending them, (b) move revenues restricted to debt service from the funds collecting the revenue to the debt service fund

as debt service payments become due, and (c) move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Fines and Forfeitures – Revenues derived from the collection of penalties for violation of statutory offenses, administrative rules and neglect of lawful duties, confiscated property, and court fees.

Intergovernmental Revenues – Revenues received from Federal, State, and other local government sources which are used to (a) support the statute or budget, which requires expending them, and (b) represent the City's proportionate share from taxes assessed by the State of Florida and Miami-Dade County.

Licenses and Permits – The revenues in this category are generated from the issuance of local licenses and permits. There are three major types of licenses issued by the City: (1) Professional and Occupational Licenses, which are required for the privilege of engaging in certain trades, occupations and other activities; (2) Building Permits, which are fees for permits issued for the construction of, alterations and additions to buildings, roofing, electrical etc.; and (3) Other licenses and permits, which includes permits required for activities not otherwise specified above (i.e. Fireworks Permits and Bench Permits).

Other Revenues – This category represents revenues not otherwise specified above and consists of miscellaneous revenues and other inflows. Also includes the designation of the unreserved fund balance, which is utilized in the current year's budget. Examples include revenue generated from the settlements of outstanding decisions and revenue generated from the sale of licenses for coin operated machines.

Charges for Services – Revenues in this category are derived from charges for the use of certain City services. There are five areas of charges for services. They are (1) General Government, which is charges for reports, public documents and photographs; (2) Public Safety this includes charges for police, fire protection, and emergency services; (3) Physical Environment for cemetery charges; (4) Parks, Recreation and Special Events for the use of City-owned facilities and participation in related activities and (5) Other Charges for Services for areas not specifically mentioned.

The City of Miami Revenue Manual reports revenue collections in the following funds:

General Fund – This is the general operating fund of the City. Tax revenues and other resources that are not allocated by law or contractual agreement to another fund are received and accounted for in this fund.

Special Revenue Funds – These funds receive revenues from various sources, primarily in the form of grants and other aid from either federal, state, county, or local sources. All revenues received are restricted to activities for specific purposes.

The City operates the following Special Revenue Funds:

- **American Rescue Plan Act SRF** – The American Rescue Plan Act Special Revenue Fund is used to receive funding from the U.S. Treasury Department associated with the passage of the American Rescue Plan Act of 2021. The funding is allocated to local governments to support the public health response to the COVID-19 pandemic, to lay the foundation for a strong and equitable economic recovery, to address the revenue losses experienced as a result of the pandemic, and to invest in infrastructure, including water, sewer, and broadband services.

- **Bayfront/Riverfront Land Acquisition Rouse Trust** – The Bayfront/Riverfront Land Acquisition Rouse Trust Fund is used for the acquisition of real property adjacent to the Miami River and Biscayne Bay in order to provide public access to and public enjoyment of those waterbodies.
- **City Clerk Services** – The City Clerk Services Special Revenue Fund is used for the operations of the Passport Acceptance Facility, Municipal Archives and Records and other City Clerk related programs.
- **Community Development** – The Community and Economic Development Fund accounts for the proceeds from local, state, and federal agencies, which aid in the development of a viable urban community in the City of Miami.
- **Department Improvement Initiatives** – The Department Initiative Improvement Fund accounts for the activity designated for City of Miami initiatives related to quality of life and technology.
- **Emergency Services** – The Fire-Rescue Special Revenue Fund is restricted to expenditures that supplement the City's Fire-Rescue operations. Additionally, this fund accounts for grants from local, state, and federal agencies.
- **Fire-Rescue Services** – This fund accounts for revenues received for fire and rescue related grants and programs from federal, state, county, and local sources, and FEMA reimbursements related to disasters.
- **General Special Revenues** – The General Special Revenue Fund is used for activities that do not fall into a specific special revenue category.
- **Historic Preservation Trust Fund** – This fund is used for providing improvements to qualifying homes in T3 Transects and historically designated resources.
- **Homeless Programs** – The Homeless Program Special Revenue Fund is used for activities of the City of Miami homeless programs.
- **Human Services** - The Human Services Special Revenue Fund is used to account for activities of the Child Day-Care program in the Department of Human Services.
- **Law Enforcement Trust** – Accounts for confiscated funds awarded to the City from the operation of the U.S. Justice, U.S. Customs, and Law Enforcement Trust Funds as stipulated by State statutes.
- **Miami Ballpark Parking Facilities** – To account for the operations of the Miami Ballpark Parking Facilities.
- **Parks and Recreation Services** – The Parks and Recreation Services Special Revenue Fund is used for parks and recreation activities. Additionally, this fund accounts for grants from local, state, and federal agencies that are used for these activities.

- **Planning Services** - The Planning Services Special Revenue Fund is used for the operations of the Planning Services.
- **Police Services** – The Police Services Special Revenue Fund is used for Public Safety activities. Additionally, this fund accounts for grants from local, state, and federal agencies.
- **Public Art Fund** - The Public Art Fund is used for the acquisition, installation, improvement, maintenance, insurance of art, arts education programming, and grants to promote the aesthetic diversity and character of the built environment and the cultural enrichment of the community.
- **Public Works Services** – The Public Works Services Special Revenue Fund is used for special programs managed by the Resilience and Public Works Department. Additionally, this fund accounts for grants from local, state, and federal agencies.
- **Solid Waste Recycling Education Trust Fund** – The Solid Waste Special Revenue Fund is used as specified by Ordinance No. 10654 which established an Educational Trust Fund from recycling programs, for scholarships to eligible, qualified candidates.
- **Sports Facilities and Activities** – The Sports Facilities and Activities Fund is contains all funds collected by the City following the dissolution of the Miami Sports and Exhibition Authority (MSEA), pursuant to City Commission Ordinance 13801.
- **Transportation and Transit** – The Transportation and Transit Fund is used for the operations of the City of Miami's transit and transportation projects.
- **Tree Trust Fund** – To account for the Tree Trust Fund which provides for administration and regulations and for Trust Fund payments as specified in Sec 8.1.6.6 of the Zoning Ordinance. It assists with the City's compliance of the U.S. Mayors Climate Protection Agreement.

The revenue descriptions listed in this manual provide specific information about the revenue source, its legal authorization that allows for its imposition and collection, the agencies responsible for its administration and collection and, the fee/computations associated with its collection.

The manual also provides a collection history of all revenues (inflows). These histories serve as an indicator of the forming trends, which are outlined in the graphs introducing each revenue category. They also serve as a means for identifying possible future fiscal concerns and thereby creating a mechanism of review and change.

Resource I – Property Taxes

Property Taxes – This category consists primarily of real and personal property taxes. Property taxes are levied on January 1st and are payable on November 1st, with discounts of one percent to four percent allowed if paid prior to March 1st of the following calendar year. Pursuant to Florida Statute 197, all unpaid taxes on real and personal property become delinquent on April 1st and bear interest at 18% per year until a tax sale certificate is sold at auction. Miami-Dade County bills and collects all property taxes and tax certificates for delinquent taxes for the City.

Resource I – Property Taxes

Name:	Ad Valorem Taxes-Real
Revenue Category:	Property Taxes
Receiving Fund(s):	General Fund and Debt Service Fund
Object Code:	411100 - Ad Valorem Taxes-Real
Purpose:	To collect real estate property taxes based on certified taxable value and adopted millage rate.
Receiving Department:	Finance Department
Frequency of Collection:	Monthly
Use of Revenue:	<ul style="list-style-type: none">General Governmental Activities
Legal Authority:	<ul style="list-style-type: none">State of Florida Statutes, Chapters 192-201Miami-Dade County Charter, Section 4.04City of Miami Charter, Chapter 3(a)
Fees/Computations:	<p>Taxable Value of Real and Centrally Assessed Property (x) Adopted Millage Rate (-) Payments to Community Redevelopment Agency (CRA) Districts. The Miami-Dade County Property Appraiser certifies taxable value to the City.</p> <p>The Adopted Millage Rate is fixed annually with a maximum allowable rate of 10 mills. The exception to this is voted tax levies in accordance with State of Florida Statute 200.081.</p> <p>Qualified electors of a municipality may, by majority vote, approve an increase in the millage rate above the limits imposed by State of Florida Statute 200.081. This is done by referendum by the governing body of the municipality, but the period of increase may not exceed two years. Additionally, a referendum may be initiated by submission of a petition to the governing body containing signatures of ten percent of those persons eligible to vote in such a referendum, which signatures were affixed to the petition within sixty days prior to its submission in accordance with State of Florida Statute 200.101.</p> <p>In the event a municipality loses revenue through the loss of a proprietary activity or other source of revenue, the governing body of the municipality is authorized to increase its millage rate in an amount sufficient to restore such loss of revenue.</p> <p>In the event a municipality relinquishes any governmental function to a county or other governmental body, the governing body of such municipality shall reduce their millage rate in an amount equal the costs of such governmental function in accordance with State of Florida Statute 200.151.</p>

Resource VII – Licenses and Permits

Licenses and Permits – The revenues in this category are generated from the issuance of local licenses and permits. There are three major types of licenses issued by the City: (1) Professional and Occupational Licenses, which are required for the privilege of engaging in certain trades, occupations and other activities; (2) Building Permits, which are fees for permits issued for the construction of, alterations and additions to buildings, roofing, electrical etc.; and (3) Other licenses and permits, which includes permits required for activities not otherwise specified above (i.e. Fireworks Permits and Bench Permits).

Fees/Computations:	<p>Solid Waste Fee Penalties - Acts/Conditions of Noncompliance (cont.)</p> <ul style="list-style-type: none"> ○ Sunken containers \$105.00 ○ Operating a vehicle without a valid registration \$262.50 ○ Failure to properly identify equipment \$105.00 ○ All other violations \$79.00 ○ Failure of franchisee to remove container(s) from discontinued accounts \$79.00 ○ City provision of service to discontinued commercial/multi-family property \$262.50 ○ Failure of franchisee to remove container(s) from discontinued accounts \$79.00 ○ City provision of service to discontinued commercial/multi-family property \$262.50 ○ Failure of property owner to have contract with city franchised hauler \$262.50 ○ Engaging in commercial solid waste collection without city franchise \$500.00 ○ Failure to use city container or to set out properly ... \$79.00 ○ Other fees as per City Code and Franchise agreement. <p>e) If the owner, agent, or occupant of any property within the city shall fail to comply with any determination of the city manager, or his/her designee, the director shall cause such work to be done and shall keep an accurate accounting of the costs thereof, whereupon the amount of such costs and the interest thereon shall constitute and is hereby imposed as a lien against the subject property with equal rank and dignity of any other special assessment liens. An aggrieved party may appeal both the fees and costs imposed under this section to a court of competent jurisdiction in accordance with the Florida Rules of Appellate Procedure.</p> <p>(f) Failure by an occupant of any commercial property other than multifamily residential property to comply with the regulations set forth in this chapter shall cause the city to revoke the certificate of use and local business tax receipt for said business.</p> <p>(g) In addition to any other remedies provided by this chapter or any other city ordinance, the director and the director of the department of resilience and public works shall have judicial remedies available to them for violations of this chapter or any other lawful rule or regulation promulgated hereunder as enumerated below but not limited to:</p> <p style="padding-left: 20px;">(1) They may institute a civil action in a court of competent jurisdiction to establish liability and to recover damage for any costs incurred by the city in conjunction with the abatement of any condition prohibited by the provisions of this chapter.</p>

Resource VII – Licenses and Permits

(2)They may institute a civil action in a court of competent jurisdiction to seek injunctive relief to enforce compliance with the terms of this chapter or any rule or regulation promulgated hereunder, to enjoin and prohibit said violation or to compel the performance of actions which will result in compliance with the terms of this chapter.

(h)These remedies are cumulative and the use of any appropriate remedy shall not constitute an election of remedies by the departments. The use of one remedy shall not preclude the use of any others.

(i)The city may enforce all violations of this chapter before the code enforcement board or through any other legal remedy available at law.

(j)Exemption for residential properties (transect zones T3, T4R, T5R and T6R). Any property owner who has been cited pursuant to this chapter shall have their citation voided if the following criteria are met:

(1)Proof of complaint to 311 or their city commissioner district office at the time the illegal dumping became known, with photographic or other evidence if possible; and

(2)A review by the director of the city department who issued the citation, or their designee, which determines that the property in question was the site of illegal dumping by a party unrelated to the property owner.

(k)Penalties for prohibited disposition and raking of yard waste, dirt or debris when raking or using leaf blowers. A violation of section 22-23 of the City Code shall be punishable as follows:

(1)First violation within a six-month period: Warning, no fine.

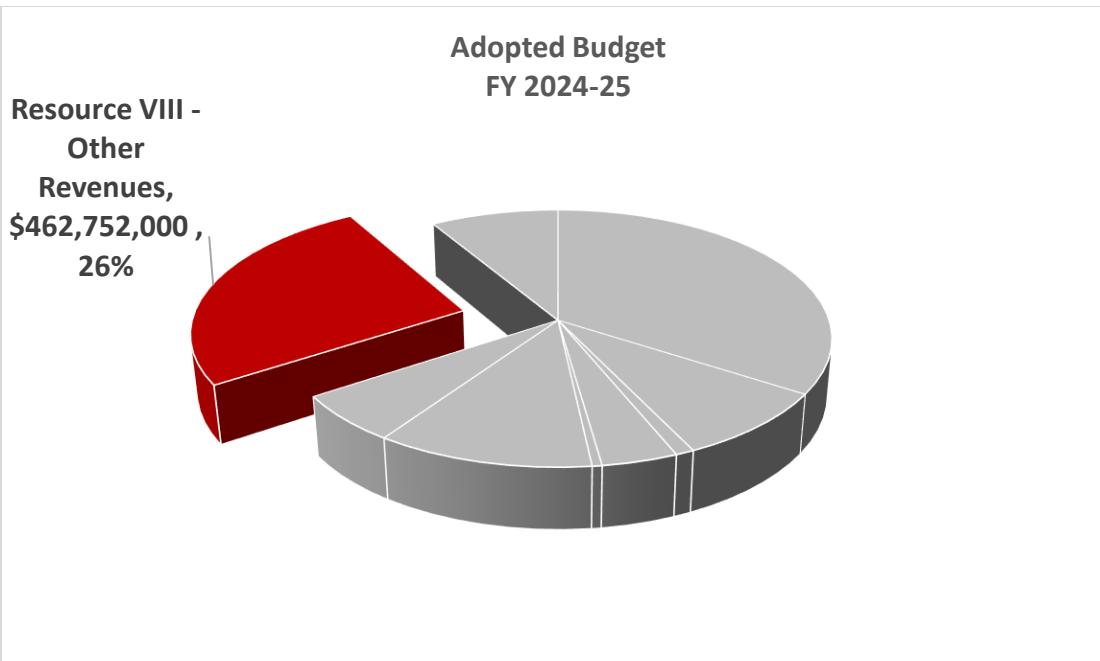

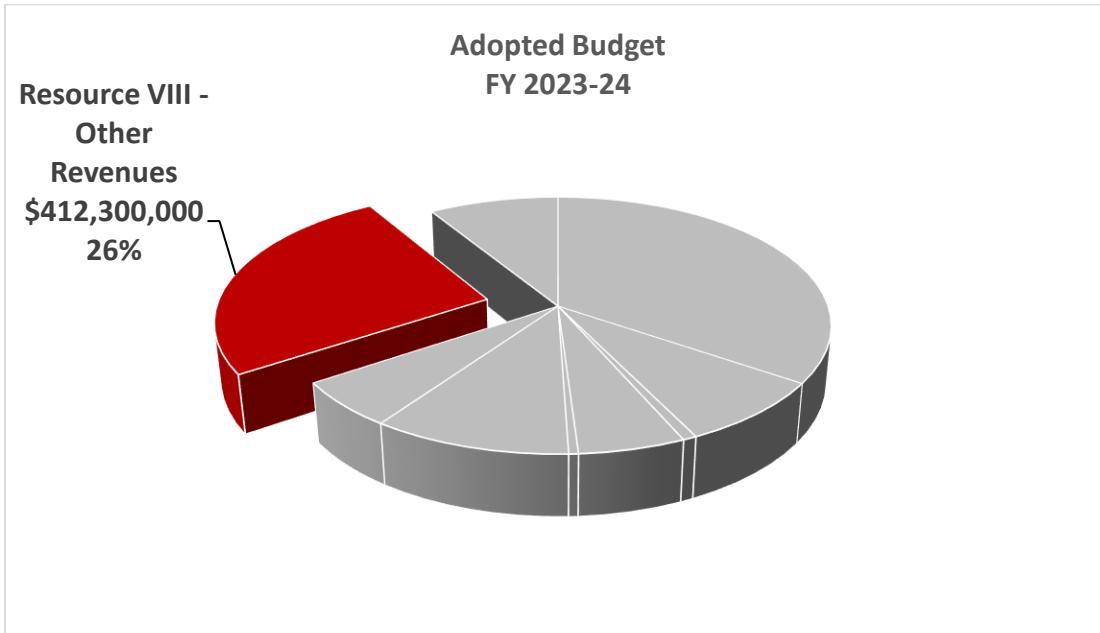

(2)Second violation within a six-month period: \$100.00 fine.

(3)Third or subsequent violation within a six-month period: \$200.00 fine per incident.

The fine shall be issued to the individual performing the raking or using the leaf blower in violation of Section 22-23 of the City Code, inclusive of property owners. However, should the individual violating Section 22-23 of the City Code be acting in the scope of their employment by a contractor, landscaper, homeowners' association, or other entity, that entity will receive the fine, not the individual employee.

Resource VIII – Other Revenues

Other Revenues – This category represents revenues not otherwise specified above and consists of miscellaneous revenues and other inflows. Also includes the designation of the unreserved fund balance, which is utilized in the current year's budget. Examples include revenue generated from the settlements of outstanding decisions and revenue generated from the sale of licenses for coin operated machines.
