Thomas M. Gabriel, President International Association of Fire Fighters, Local #587 2980 N. W. South River Drive, Miami, Florida 33145

RE: Time Balance Conversions

Dear Mr. Gabriel:

Attached please find a copy of a payroll balance conversion chart created by the Fire Department to illustrate scheduled hour changes. It is my understanding that there have been discussions between the department and the union regarding the conversion rates, as illustrated on the attached chart, and the only conversion factors not agreed to are the 80-84 hour conversions and the 84-80 hour conversions. It is also my understanding that the 42 hour work shift is not currently being used which we have indicated on the attached conversion chart.

With the exception of the 80-84 and 84-80 hour conversion rates, we would like to implement the specified conversion rates as soon as possible. If you agree with the conversion rates as indicated, please sign below.

If you have any questions, please give me a call at 305 416-2060.

Sincerely,

R. Sue Weller

Labor Relations Officer

P. Quelible
